PAST & PRESENT OF ROSLINDALE
THE FUTURE OF ROSLINDALE
Do you care about trees/green-spaces?
15 responses

100%
STREET TREE BENEFITS

-Improves air quality
-Provides shade
-Beautification
-Saves money

-Improves physical and mental health
-Reduces heat island effects
AIR QUALITY

- Roslindale: 5.7-7.8 ug/m3
- Excellent air quality compared to other neighborhoods in Boston
- **More** Trees = Better air quality and decreased air pollution
- **Less** Trees = Decrease air quality and increase air pollution

HOW YOU CAN HELP

PLANT SOMETHING
- In a window box
- A pot on a porch
- In your backyard

CALL 311
https://www.cityofboston.gov/311/
- Request a tree
- Request maintenance
- Recommend a tree site
THANK YOU TO
