Tree ID Scavenger Hunt using TESA

SPEAK FOR THE TREES
Boston

Icebreaker!!

Hot Seat: We need two teams and one speaker for each team

Speaker: Will describe the given vocabulary words using synonyms, antonyms, definitions, etc...

Teammates: everyone in their speakers team will guess the word that they are describing

What is TESA?

- TESA, Tree Equity Score Analyzer
- A resource:
  - to ask questions
  - explore data to find answers
  - gather data to support a project proposal
  - acquire funding
  - Outreach
  - raise awareness about tree inquiry
  - identify neighborhood areas worth protecting
  - learn about trees in Boston

TREE EQUITY SCORE ANALYZER

What does TESA look like?

Let's find out → https://www.treeequityscore.org/

How could we use TESA for today's activity?

Let's think about: What are some trees in this school's neighborhood that we see on TESA?

1. Locate 5 trees on TESA nearby
2. Record where they are on a notebook/piece of paper
3. Now let's go find them!
   - Carry your pencils and information
   - Tree IDs

Review and closing:

1. What are some key observations?

2. How could we use TESA for other projects or in the future?
